

# The Circular City Centre - C3

Expression of Interest in the Circular Project Advisory Programme supporting cities in their circular transition

## Thank you for your interest in the Circular City Centre - C3 and in the Circular Project Advisory Programme (CPA).

With this programme we aim to support EU cities in their circular transition. If you have a relatively mature circular project but need advisory support to bring it to a point where it may have better chances of securing funding, you may benefit from assistance under the CPA programme.

The CPA programme provides financial and technical advisory support tailored to the need of project promoters. You can find more information about the programme on the [C3's webpage](#). The programme is provided within the framework of **Circular City Centre - C3**, a joint initiative of the European Commission and the European Investment Bank funded under the InvestEU programme.

More detailed description of the CPA programme is available [here](#).

We kindly ask you to fill in this form to better understand the characteristics of your project and the related advisory needs so that we can adapt the service offer to your needs.

If you have any further questions or comments on the CPA programme or this form, contact us via [C3@eib.org](mailto:C3@eib.org) with "CPA Expression of Interest for *city name*" in the subject line.

The information you provide in this Expression of Interest will be treated in line with the EIB policy on privacy and data protection and will not be used for publication in any form. Further information about how we collect and process personal data is available in this [Privacy Notice](#).

With best wishes,

The EIB C3 team
